Are Healthy Buildings Built On Lies?

By ACSH Staff — July 16, 2014

Dr. Josh Bloom on Science 2.0, July 14, 2014.

The fad du jour (and I defy you to find a non-du jour day) is something that sounds like an absolute win-win. It has all the correct buzzwords green, sustainable, environmentally friendly, endocrine disruptors, bioaccumulation. And many more. Today it's buildings...[Read more [1].]
