WORLD NO TOBACCO CONTROL Day

By ACSH Staff — June 2, 2015

Dr. Gilbert Ross in Science 2.0

Instead of the WHO’s World No Tobacco Day, we’d be better off with a new event: World No Tobacco Control Day, says ACSH’s Gil Ross on Science 2.0. Public health’s focus on prohibition of all tobacco and nicotine is harmful to benefiting health by harm reduction... (read more) [1].
